### Staff

Stephanie Youst, Executive Secretary

### Legal Council

W. Scott Myers, Assistant Attorney General (Absent)

### Guests

Jed Plank

### Call to Order

- James Adams, Chairperson, called the meeting to order at 10:30 a.m.

### Approval of Minutes

- Peter Schade moved to approve the July 30, 2014 meeting minutes as submitted. Gene Phillips seconded the motion. The motion carried.

### Committee Reports

- Chuck Hart informed the Board members that he met with a statistician at Kent State regarding the change in scoring on the NEHA REHS/RS examination.
- The way the score scaling is meant to work is to allow the examination to be evaluated over a period of years with the examination scores being equivalent over a period of time.
- The Board will further discuss this topic at the November 19, 2014 Board meeting.

### Executive Secretary Report

- Ms. Youst informed the Board that attended computer system testing for six weeks. She provided examples of the new screens for the Board members to review and accepted recommendations for changes to some of the verbiage and formatting.
- Ms. Youst informed the Board that she was preparing the Board's biennial budget for FY16 and FY17.
  - At this time it looks as though the Board will be carrying a deficit for the next biennium, which could mean a fee increase for renewals, late fees and training agency applications. Ms. Youst will keep the Board informed.
- Ms. Youst informed the Board members that will now be able to accept credit card payments in the Board office. The system was set to go live this week.
- The formal written reports are attached to the minutes for reference.

### Assistant Attorney General Report

- Scott Myers was absent and had no report for the Board.

### Kent State RS Prep Course

- Chuck Hart asked the Board to discuss why the prep course offered by Kent State University for individuals preparing to take the REHS/RS examination is not an applicable CE activity as he has had numerous inquiries from individuals interested in receiving continuing education credit for their participation.
- The Board informed Dr. Hart that, while the course offers individuals the opportunity to review knowledge and study for the examination, it is knowledge they should already have and is theoretically already part of their job. This type of activity has never been accepted as a continuing education activity by the Board.

**Approval of FEMA, CDC and NEHA coursework**

- The Board members discussed providing a blanket approval for various FEMA, CDC and NEHA courses.
- The Board requested that Ms. Youst provide a listing of courses for the continuing education committee to review and make a recommendation on at the November 19, 2014 Board meeting.

**Continuing Education**

**Individual Continuing Education Requests for Approval**
