Sanitarian
Registration Board

Dear Board Members:

It is with a heavy heart that we write to you regarding the untimely death of James David Ball. On November 11, 2008, James died from injuries sustained from an accidental fall. For those that knew James, his death was sudden and heartbreaking; and those that know his family share in their grief.

James graduated from Ohio University in 2008 with a Bachelor's Degree in Community Health. He recently joined Ameri-corp and began volunteer work in community health education and environmental health with the Athens City-County Health Department. While working with the health department, James assisted with vision screenings of children at local schools. By all accounts James was an excellent worker and stood on the cusp of a remarkable career in his field.

James' father, Erv Ball, has been a longstanding member of the public health and environmental health community. In his current position with Cuyahoga County Board of Health, Erv is dedicated and passionate about his work; these characteristics were clearly passed from father to son. Even in light of their loss, James and his family considered the health of the community and gave life to others by the donation of his vital life-sustaining organs.

At the time of James' death he intended to pursue his license as a Registered Sanitarian. James' education prepared him to become a Sanitarian-in-Training, and had his life not been cut short, it is very likely he would have obtained the work experience and satisfactory score on the RS exam necessary to earn his license. Therefore, in light of the brilliant career that James most certainly would have had in the field of community and environmental health, in tribute to the Ball family for their contributions to this field, and in memory of a life whose end is both tragic and a loss to the public health community, we, the undersigned, respectfully request that the Board Members posthumously grant to James David Ball the license of Registered Sanitarian.

Thank you for your consideration.

Respectfully,

Enclosure: Obituary for James D. Ball

Sanitarian
Registration Board

December 4, 2008

State Board of Sanitarian Registration
77 South High Street, 16th Floor
Columbus, Ohio 43215-6108

Dear Board of Directors,

During your December 10, 2008 meeting, you will be asked to consider granting a Registered Sanitarian certificate posthumously to James David Ball. Mr. Ball's education and achievements are contained within the request you will be acting upon so there is no need to include them with this letter. Most, if not all of you probably know James' father, Erv Ball of the Cuyahoga County Board of Health. It is no secret that Erv has spent his career in public health working tirelessly to protect the public that he serves. Having spent many years specializing in the field of solid waste, Erv has spent countless hours in Columbus working with legislators on a wide variety of solid waste legislative issues.

Erv Ball has served the citizens and the State of Ohio selflessly over the years. Now it is time for us to give a little something back to him. He was so proud of his son James and what a feeling it must have been for Erv to have his son follow his footsteps into the world of public service. While James will never be able to earn his R.S. certificate, it seems fitting and appropriate for the Board to take the steps necessary to issue one to James and present it to Erv. This would be the one last thing that father and son have in common.

I hope that you will give this request serious consideration and ultimately grant an R.S. certificate posthumously to James David Ball.

Sincerely,

Tracy L. Buchanan
R.S. #983
