Adjudication

Action: Linda Aller moved to deny the sanitarian in training application for Britta C. Yarnell for failure to meet the minimum educational requirements specified in chapter 4736.08 of the Ohio Revised Code.

- Linda Aller stated that she moved for the denial based upon the evidence presented during the hearing that Ms. Yarnell did not have enough credit hours on her official transcripts to meet the minimum educational requirements.

Tracy Buchanan seconded the motion. The motion carried.

Action: Linda Aller moved to deny the sanitarian in training application for Alka Tyagi for failure to meet the minimum educational requirements specified in chapter 4736.08 of the Ohio Revised Code.

Richard Setty seconded the motion. The motion carried.

Action: Linda Aller moved to deny the sanitarian in training application for William C. Bryant-Bey for failure to meet the minimum educational requirements specified in chapter 4736.08 of the Ohio Revised Code.

Kelly to be registered as a sanitarian in training and to dismiss the Notice of Opportunity for Hearing previously issued to Mr. Kelly based upon new evidence submitted prior to the hearing. Richard Setty seconded the motion. The motion carried.

Old Business

- The Board reviewed the comments received regarding the proposed rule changes for 2013. No changes were made in lieu of those comments.
- Once Ms. Youst receives any recommendations from the Common Sense Initiative office she will proceed with filing the rules.

- The continuing education committee asked Ms. Youst to develop a generic form for supervisors to complete to verify an employee's attendance at a continuing education activity.
- Chuck Hart informed the Board that Kent State offers a preparatory course for the NEHA examination. He asked the Board if this type of self-guided program would be an applicable continuing education activity. The Board confirmed that a self-guided program where attendance verification is not available is not applicable as a continuing education activity.

Natalie –

The Board met last Wednesday and reviewed your correspondence. The Board will not allow your information to be a resource link on the Board's website, but they recommend that you contact the Ohio Environmental Health Association (www.ohioeha.org) to see if they would allow you to post your information on their website.

Please feel free to contact me if you have any additional questions. Have a nice day!

Hi Stephanie,

Thanks for your response. I'm getting in touch as I was hoping to collaborate with you to find a way to incorporate my project as a resource link on your site.

The project I am referring to is: [OnlineSchools.org](http://www.onlineschools.org). It is a general information website with many resources useful to prospective students interested in advancing their education. Among the many subjects covered on our site, we discuss the offline and online educational paths one can follow to obtain a degree in public health or a related field:

<http://www.onlineschools.org/online-bachelors-in-public-health/>
<http://www.onlineschools.org/online-masters-in-public-health/>
<http://www.onlineschools.org/online-phd-in-public-health/>

As a valuable resource to anyone interested in a career in public health, I thought the project could be

of interest to yourself and others who frequently visit your site. Take a look and let me know what you think. It would be great to see it listed as a resource for those interested in public health to refer to.

Thanks for your help. I look forward to hearing back from you soon!

Hi Stephanie,

I happened upon your collection of Internet links related to public health here sanitarian.ohio.gov/Links.stm and thought you might be interested in another authoritative online resource to add to those.

Are you the correct person to contact for having resources added as an additional link on this page? If not, could you please direct me to the right individual?

Thanks for your time. I hope to hear from you soon!

Harry –

The Board reviewed your request at the meeting on January 23, 2013. At this time there are no plans to offer a retired status with reduced continuing education hours and fee, which would require several rule changes. It is the opinion of the Board that in order to maintain a professional license the individual license holder must meet the requirements set forth by the Ohio Revised and Administrative Codes, which includes completing continuing education and paying the renewal fee.

Please feel free to contact me if you have any additional questions. Have a nice day!

Subject: Request for RS Senior Status

Good Afternoon Stephanie,

I request that the Registered Sanitarian Board adopt either a "life time" RS position and/or a "Retired Status" position. Once retired, an individual's RS could be meaningful for "Volunteer" work without having to pay full annual fees and pay for 18 hours of annual class time.

I would be happy to address the Board on this matter if they so wish.

Thanks for the Consideration.

Harry.

I would like for you to send either a formal letter or an e-mail to the R.S. Board (c/o Stephanie Youst) asking the Board to consider this request at the next Board meeting (Jan 23). I can lead the discussion but by asking in writing you'll get a written response.
