### Staff

Stephanie Youst, Executive Secretary

### Legal Council

W. Scott Myers, Assistant Attorney General

### Call to Order

- Tracy Buchanan, Chairperson, called the meeting to order at 10:40 a.m.

### Approval of Minutes

- James Adams moved to approve the May 13, 2015 meeting minutes as submitted. Chuck Hart seconded the motion. The motion carried.

### Executive Secretary Report

- Ms. Youst informed the Board that the new licensing system is set to go live on August 3, 2015. Letters are being mailed to all active registrants today with information on how to set up their online user profiles.
  - The new system is very user friendly and uses cloud based technology.
  - The new system will be accessed by users online and will require them to pay for their purchases (application, renewals, wall certificates, etc...) prior to their requests being processed by the Board.
  - There will be dedicated support available for the initial go live to assist with troubleshooting problems and remediating any issues that may arise.
  - At this time, only portions of the continuing education module in the new licensing system are completed. Ms. Youst will keep the Board informed of any upcoming changes with the CE module that are planned.
  - At this time individuals will not be able to view a list of the CE they have taken, however, this is planned for a later release in the system.
  - Online submission of CE is not available with the first release but is planned as a part of a future release.
  - As part of the new system, all RS renewals, beginning with individuals with a 1/31/2016 expiration date, will be online. There will no longer be paper renewals and check payments will no longer be accepted. Registrants can pay online via credit card or electronic fund transfer (EFT).
  - The CE review process will change somewhat with regard to the function of the office. For individuals who are RS registrants, letters for course approval will no longer be sent via mail. They will receive an email approval once the course has been reviewed/approved by the Board. This change will help decrease postage costs as well as increase staff efficiency.
- The formal written reports are attached to the minutes for reference.

### Assistant Attorney General Report

- Scott Myers had no formal report for the Board.

Dear Mr. Oakes:

This letter is in response to your correspondence regarding environmental health directors being eligible for overtime.

Overtime eligibility is not within the purview of the Board and would be determined at an agency level. The Board recommends that you contact each agency/department to determine their individual policy on overtime eligibility for their staff.

The Board thanks you for your correspondence. Should you have any additional questions, please feel free to contact the Board at [stephanie.youst@exchange.state.oh.us](mailto:stephanie.youst@exchange.state.oh.us) or (614) 466-1772.

Sincerely,

A handwritten signature in black ink, appearing to read "Stephanie K. Youst".

**Subject:** Question

Not sure if this is under the board or not or even if board knows about or would have any info on. Wondering how many EH Directors across state are overtime eligible in their agency? If the board has ever done any type of survey to determine? The reason I ask is that I have found in the exemptions to the FSLA something entitled Police, Fire Fighters, Paramedics and other First Responders – paraphrasing it, it includes “inspectors”, in the list of job descriptions along with “other similar employees” regardless of rank or pay level who perform such work as: conducting investigations or inspections for violation of law, performing surveillance ..... and preparing investigative reports or other similar work. Pretty sure most local health departments have not seen this. I understand that it may vary from agency to agency depending upon whether or not Director sits behind desk and administers only or conducts field work. Just looking for thoughts.
